Our approach to food is simple: let the ingredients do the talking.

Our free range eggs come from happy hens from St Ewe's in Cornwall, bread is from Celtic Bakers, cheese is from Neal's Yard and Beillevaire, charcuterie is supplied by Cannon & Cannon - many of these guys started out and still trade at Borough Market - while our fruit and veg is bought every morning at New Covent Garden Market.

If you'd like to know anything else about our ingredients or if you have any allergies or require allergen advice, please ask any of our staff.
